

ZTD Voicemail Script

{Ring, ring, ring} Nobody answers

I like to leave a simple message, and you can do this one of two ways

-Hey! Mr./Mrs._____. This is (your name) with (your company). Give me a call when you get a chance at (your number).

OR

-Hey! Mr./Mrs._____. This is (your name) with (your company). Give me a call about (their subdivision) when you get a chance at (your number).

I want you to think of voicemails as another form of branding. You want them to hear your name, company, number and most importantly...confidence.
